

## ROLF Transmission 75W-90 GL-4 transmisson oil

### Description and uses:

ROLF Transmission SAE 75W-90, API GL-4 synthetic blend transmission oil is intended for mechanical transmission units, differentials and transfer gear cases of cars and trucks.

Based on a high-quality synthetic and mineral oil composition using a high-efficiency additives package.

#### Meets:

GL-4

**Available package:** 1 / 4 / 20 / 208 l

### Typical Analysis:

Properties	Value
Density at 15 °C, kg/m <sup>3</sup>	876
Kinematic viscositi at 100 °C, mm <sup>2</sup> /s	17,15
Kinematic viscositi at 40 °C, mm <sup>2</sup> /s	102,4
Viscosity index	183
Brookfield dynamic viscosity CCS at - 40 °C, mPas	112000
Flash point, °C	216
Pour point, °C	minus 45

✓ **High thermal stability**

✓ **Smooth shifting**
